Preparing A Way For The Gospel In Malawi

Missions greetings from the "warm heart of Africa" - Malawi! May our passionate, driven hearts take the Gospel to the ends of the earth be at work for the next opportunity.

Right now, the task in Malawi is the renovation of the mission house. You can help renovate the Bethany Mission House in Malawi. Recently, the house received a new roof, water tanks were put in place to harvest water, and the next to be done is the flooring. To be more practical, the kitchen needs to be moved with an extension to outdoors for cooking on fire, helping us manage with the daily power cuts. The funds needed this month to complete the work is \$12,000.00 With team work we can do it! Would you challenge each family or group meeting to give up one Sunday lunch at a restaurant and help us purchase the supplies for renovations? Send funds to WMM earmarked to Malawi Mission House Renovation Project #11638P.

My son, Carl Meyer, has come to Malawi to help renovate the Mission House. Last year he came and managed to renovate the guest room area.

This time he came to get the new roof on and to get water tanks around the house to harvest water. Water supply cuts are frequent in the community. This is his working team now ready to tile the house and relocate the kitchen. Thank God for this help and pray with me for blessings on his life! Consider also to help with this task!

On the opening day of the Bible school term, Rev. Ed and Margie will be in Malawi teaching at Guthrie Bible Training Centre for two weeks. Brother Ed will teach New Testament Survey and Galatians. Margie will help women learn basic accounting and she will teach devotions on "God can be Sovereign in your Life."

Those nine students in the picture above who graduated last term will be working under their leaders in ministry for six months and then will undergo an evaluation. Imagine the impact they will make in the end time church. Stand with us that radical preachers of the Gospel will arise in this nation.

The members from the youth group in the above photo are receiving a challenge to attend the Food Security Training Sessions with "ROOTS in Malawi" and Crown Financial Ministries.

Last year, the Southern Conference of Malawi sent students, this year students will be received from the North, Central, and Lake Side of Malawi. Once these students are trained, they will join the annual Children's Workers Training and some the Youth Camp. The theme this year is "Live a Life Worthy of Your Calling." Marl and Lisa Price are visiting Malawi from North Carolina to speak to the youth.

Pray with us that strategic youth leaders will return home and mobilize their family and friends to be active in project development and in planting and developing great harvests. Pray for great favor as they learn to help and sustain their families with food. This program is funded through your gifts to Child Evangelism Africa Project #10004P. I thank God for you who are partnering with me to raise ministers!

We are entering a year to vote for a National Leader. During this past year's conferences, the leaders were preparing the people to embrace this new season and prepare their heart before God. Stand in prayer with me for leaders in Malawi! Rev. Kundaël Mrema, Regional Director, came with some visitors from Tanzania to encourage leaders in this time of preparation and transition. Thank God for his words of wisdom and most of all, their love for the people of Malawi! Keep us in your prayers, reflecting a missions heart, and being Christ to all.

Just know we all love you passionately!

The Kid's Bible Reading Program

With this Chichewa Children's Bible, we are impacting the children in Malawi, mobilizing the first generation of children who are Bible readers in this nation! Each reader is on their way to spiritual growth and knowledge of God's Word. Thank you for sending funds to Malawi to place Bibles in the hands of students. Now, it is also possible to raise future Bible School students through the Kid's Bible Reading program. To help me run this program in 2013, present this missions giving opportunity to your Children's Church! Send funds to WMM earmarked Bibles for Malawi #11643P.

Reaching Villagers with Water and the Word

This building project is complete and the Namiyango PHC will reach people through water harvesting. With a steady water supply, this church group can supply water to neighbors and develop church planters. The goal is to reach out to a further village by placing a well on some land given to us by a Christian chief, reaching the villagers with both water and the living Word of God. Thank God for the obedience and help of this chief who came to attend the opening of this new church building, and who helped with the land for the well and church plant!
